

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:1**

**DATE: 25/05/23**

**Tasks to be done:**

1. Course Introduction
2. Cloud basics
3. Start with a platform

**Tasks Completed:**

1. Course Introduction
2. Cloud basics
3. Start with a platform

1  
:.....

Signature of Student Josna

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:2**

**DATE: 26/05/23**

**Tasks to be done:**

1. Using Google Cloud to build apps

**Tasks Completed:**

1. Using Google Cloud to build apps

2  
:.....

Signature of Student Josna

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:3**

**DATE: 27/05/23**

**Tasks to be done:**

1. Storage models

**Tasks Completed:**

1. Storage models

3  
:.....

Signature of Student Josna

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:4**

**DATE: 28/05/23**

**Tasks to be done:**

1. Managed services

**Tasks Completed:**

1. Managed services

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:5**

**DATE: 29/05/23**

**Tasks to be done:**

1. Security in Google cloud

**Tasks Completed:**

1. Security in Google cloud

5  
:.....

Signature of Student Josna

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:6**

**DATE: 30/05/23**

**Tasks to be done:**

1. Building secure networks in cloud

**Tasks Completed:**

1. Building secure networks in cloud

6  
:.....

Signature of Student Josna

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:7**

**DATE: 31/05/23**

**Tasks to be done:**

1. Building secure networks in cloud

**Tasks Completed:**

1. Building secure networks in cloud

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:8**

**DATE: 01/06/23**

**Tasks to be done:**

1. Cloud automation

**Tasks Completed:**

1. Cloud automation

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:9**

**DATE: 02/06/23**

**Tasks to be done:**

1. Cloud automation

**Tasks Completed:**

1. Cloud automation

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:10**

**DATE: 03/06/23**

**Tasks to be done:**

1. Discovering big data services in cloud

**Tasks Completed:**

1. Discovering big data services in cloud

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:11**

**DATE: 04/06/23**

**Tasks to be done:**

1. Machine learning

**Tasks Completed:**

1. Machine learning

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:12**

**DATE: 05/06/23**

**Tasks to be done:**

1. Machine learning

**Tasks Completed:**

1. Machine learning

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:13**

**DATE: 06/06/23**

**Tasks to be done:**

1. Finishing quests- Create and Manage Cloud Resources

**Tasks Completed:**

1. Finishing quests- Create and Manage Cloud Resources

**School of Computer Science Engineering & Information Systems**

**Department of Software and Systems Engineering**

**M.Tech Software Engineering**

**SWE3099-Industrial Internship**

**DAY:14**

**DATE: 07/06/23**

**Tasks to be done:**

1. Finishing quests- Create and Manage Cloud Resources

**Tasks Completed:**

1. Finishing quests- Create and Manage Cloud Resources

**School of Computer Science Engineering & Information Systems**

**Department of Software and Systems Engineering**

**M.Tech Software Engineering**

**SWE3099-Industrial Internship**

**DAY:15**

**DATE: 08/06/23**

**Tasks to be done:**

1. Finishing quests- Perform Foundational Infrastructure Tasks in Google Cloud

**Tasks Completed:**

1. Finishing quests- Perform Foundational Infrastructure Tasks in Google Cloud

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:16**

**DATE: 09/06/23**

**Tasks to be done:**

1. Finishing quests- Perform Foundational Infrastructure Tasks in Google Cloud

**Tasks Completed:**

1. Finishing quests- Perform Foundational Infrastructure Tasks in Google Cloud

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:17**

**DATE: 10/06/23**

**Tasks to be done:**

1. Finishing quests- Perform Foundational Infrastructure Tasks in Google Cloud

**Tasks Completed:**

1. Finishing quests- Perform Foundational Infrastructure Tasks in Google Cloud

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:18**

**DATE: 11/06/23**

**Tasks to be done:**

1. Finishing quests- Perform Foundational Infrastructure Tasks in Google Cloud

**Tasks Completed:**

1. Finishing quests- Perform Foundational Infrastructure Tasks in Google Cloud

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:19**

**DATE: 12/06/23**

**Tasks to be done:**

1. Finishing quests- Build and Secure Networks in Google Cloud

**Tasks Completed:**

1. Finishing quests- Build and Secure Networks in Google Cloud

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY: 20**

**DATE: 13/06/23**

**Tasks to be done:**

1. Finishing quests- Build and Secure Networks in Google Cloud

**Tasks Completed:**

1. Finishing quests- Build and Secure Networks in Google Cloud

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:21**

**DATE: 14/06/23**

**Tasks to be done:**

1. Finishing quests- Build and Secure Networks in Google Cloud

**Tasks Completed:**

1. Finishing quests- Build and Secure Networks in Google Cloud

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:22**

**DATE: 15/06/23**

**Tasks to be done:**

1. Finishing quests- Build and Secure Networks in Google Cloud

**Tasks Completed:**

1. Finishing quests- Build and Secure Networks in Google Cloud

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:23**

**DATE: 16/06/23**

**Tasks to be done:**

1. Finishing quests- Perform Foundational Data, ML, and AI Tasks in Google Cloud

**Tasks Completed:**

1. Finishing quests- Perform Foundational Data, ML, and AI Tasks in Google Cloud

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:24**

**DATE: 17/06/23**

**Tasks to be done:**

1. Finishing quests- Perform Foundational Data, ML, and AI Tasks in Google Cloud

**Tasks Completed:**

1. Finishing quests- Perform Foundational Data, ML, and AI Tasks in Google Cloud

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:25**

**DATE: 18/06/23**

**Tasks to be done:**

1. Finishing quests- Perform Foundational Data, ML, and AI Tasks in Google Cloud

**Tasks Completed:**

1. Finishing quests- Perform Foundational Data, ML, and AI Tasks in Google Cloud

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:26**

**DATE: 19/06/23**

**Tasks to be done:**

1. Finishing quests- Perform Foundational Data, ML, and AI Tasks in Google Cloud

**Tasks Completed:**

1. Finishing quests- Perform Foundational Data, ML, and AI Tasks in Google Cloud

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:27**

**DATE: 20/06/23**

**Tasks to be done:**

1. Finishing quests- Perform Foundational Infrastructure Tasks in Google Cloud

**Tasks Completed:**

1. Finishing quests- Perform Foundational Infrastructure Tasks in Google Cloud

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:28**

**DATE: 21/06/23**

**Tasks to be done:**

1. Finishing quests- Perform Foundational Infrastructure Tasks in Google Cloud

**Tasks Completed:**

1. Finishing quests- Perform Foundational Infrastructure Tasks in Google Cloud

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:29**

**DATE: 22/06/23**

**Tasks to be done:**

1. Finishing quests- Perform Foundational Infrastructure Tasks in Google Cloud

**Tasks Completed:**

1. Finishing quests- Perform Foundational Infrastructure Tasks in Google Cloud

**School of Computer Science Engineering & Information Systems**  
**Department of Software and Systems Engineering**  
**M.Tech Software Engineering**  
**SWE3099-Industrial Internship**

**DAY:30**

**DATE: 23/06/23**

**Tasks to be done:**

1. Finishing quests- Perform Foundational Infrastructure Tasks in Google Cloud

**Tasks Completed:**

1. Finishing quests- Perform Foundational Infrastructure Tasks in Google Cloud
